On this page, there are two important places to check on:

2.a. Click on the "**''MESSAGES**" button and move it to a second monitor (if available) or to the corner of your monitor. The button **''MESSAGES**" will give you relevant information of the reverse bidding auction. For example, the bid manager will send a message notifying the <u>opening/ending times</u> of the reverse bidding auction to all suppliers. Check the "**MESSAGES**" frequently (clicking F5 on the

keyboard) during the reverse bidding auction since it is the way of communication between you and the bid manager. On the message board you can communicate with the bid manager if you have any questions.
